

**SCHOOL LEARNING GARDENS MAP TRAINING**  
**DAILY QUESTIONNAIRE**  
**TUESDAY, JUNE 7, 2016**

---

1. Please share how you will use the following activities and/or knowledge gained in your class (if there's nothing – leave blank):
  - Morning story telling practice
  
  - What is soil made of?
  
  - Engineering Design Process
  
  - Compost making
  
  - Garden Bed preparation
  
2. What is your formative assessment of the MAP today?
  - Theme TWO: alignment with other standards – Core, NGSS, HCPS, etc.?
  
  
  - Cluster documents – what was useful? How to improve?
  
3. How did our activities help to teach **Living Soils, Living Plants** and meet the Learning Outcomes?
  
4. What did you like best about the day?
  
5. What can we do to improve the day?
